Directory 2006

Alberta's Agricultural Processing Industry

FOREWORD

The Agri-Business Expansion Division at Alberta Agriculture, Food and Rural Development presents Alberta's Agricultural Processing Industry Directory as a reference for use by the business community, government agencies and other interested parties. It serves to update users with current company information including contact personnel, products and brand names.

The directory has been divided into four sections.

1. Alberta's Agricultural Processing Industry.

A general description of the agricultural processing industry in Alberta, including statistical graphs and charts.

2. Alphabetical Product Index.

Companies are listed according to broad product categories. Page numbers are provided for easy access to the complete company information.

3. Alphabetical Listing of Alberta's Agricultural Processing Companies.

Firms are listed in alphabetical order. Complete company information is provided including address, telephone, fax, email, web site, management contacts, export contacts, products and brands.

4. Alphabetical Listing of Industry Organizations.

Complete information is provided for key industry organizations including address, telephone, fax, email, web site, and contacts.

5. Index by Location.

Business Commercialization Branch

**Agri-Food Business Centre, 6547 Sparrow Drive, Leduc,
Alberta CANADA T9E 7C7 Phone: 780-980-4237**

Specialists of the Business Commercialization Branch focus on business activities in the areas of Marketing, Business Finance, Human Resources, Value Chains, and Lean Manufacturing. The branch has the up to date information and knowledge to help you:

- Find new ways for your business to increase sales and profits.
- Create new opportunities by exploring new markets or revitalizing old ones.
- Create new products, services, or processes, or modify and improve existing ones.
- Build collaborative business relationships and networks throughout the industry.
- Develop innovative solutions to complex business problems.

Bio-Industrial Technologies Division

250 Karl Clark Road, Edmonton, Alberta CANADA T6N 1E4

Phone: 780-450-5505

The facility is equipped with a product development laboratory, physical properties testing laboratory and pilot plant where a staff of engineers and technologists conduct research and development projects aimed at solving problems encountered by agricultural value-added processing. Our expertise is a key component to help in the development of food and non-food processing.

Food and Processing Development Division

Through three operating units, provides research and development facilities and services for agri-food processing companies, or those interested in non-food uses for agricultural products. All services are delivered in strict confidence in order to protect and respect the interest of the individual client.

The new Agrivalue Processing Business Incubator unit will be completed in Leduc during 2006. This facility will provide additional interim processing capacity for emerging Alberta agri-processors.

Food Processing Development Centre

6309 - 45 Street, Leduc, Alberta CANADA T9E 7C5

Phone: 780-986-4793

A modern, fully equipped pilot plant and product development laboratory facility staffed with experienced food scientists, engineers and technologists. Centre services are designed to strengthen and expand the capability of Alberta's food processors to meet the challenges of the marketplace through application of new technology and the development of new or improved products and processes.

Food Science and Technology Centre

Crop Diversification Centre South, SS #4, Brooks, Alberta CANADA T1R 1E6

Phone: 403-362-1339

Staff at this facility conduct applied research in post-harvest handling, storage and value-added processing of horticultural and special crops and also provide technical leadership to ensure that Alberta companies have the specialized knowledge and capabilities to compete globally.

Consumer Product Testing Centre

106, 10030 - 107 Street, Edmonton, Alberta CANADA T5J 3E4

Phone: 780-415-6268

The Centre provides comprehensive sensory evaluation services, which include both consumer acceptability and trained panel testing. Through the use of trained panels, researchers and industry assess the effect of ingredients and processes on their product initially and over time by measuring human responses that cannot be predicted by chemical or instrumental measures. Consumer panels are also used to measure product acceptability and can provide information about specific product attributes such as flavour, appearance, texture and packaging.

Alberta Economic Development

Agriculture and Food Branch

The Agriculture and Food Branch is a primary point of contact for agri-processors that are ready and capable of pursuing export markets. With a focus on the international markets of the United States, Mexico, Asia and Europe, the Branch provides:

- Market intelligence and consultation on a specific country or product;
- Assistance with export questions, issues or challenges;
- Market access information;
- Contacts for a particular market or specialized service; and
- Networking opportunities for Alberta industry and international contacts.
